- Rebates are available to City of Eden Prairie water customers with non-delinquent accounts.
- Maximum rebate for any single project is 50% of the direct project costs (pre-tax) up to a maximum of \$1,500 and is subject to the participants commitment to complete and maintain their project. Funding is limited. Payment will be issued when the project is completed and valid receipts are provided.
- Information regarding applications for grants or rebates from other organizations must be provided with the Application, the City rebate cannot cover costs paid from another source of funding. A minimum of 10% of the project cost must be paid by the Applicant. Detailed cost estimates for all work proposed must be provided. In-kind labor may be considered as part of the contribution if itemized for a grant and pre-approved by the City.
- The project must start and be completed in the current calendar year.
- The project must be maintained for a minimum of five (5) years by the Applicant.
- Project plans **must be pre-approved** by City staff prior to construction.
- City staff must inspect the project area before and after installation.
- If irrigation is installed, water efficient methods such as drip, soaker , micro-spray or WaterSense certified controllers must be used.
- A minimum of 75% of the plants selected for must be native species identified on the website for Blue Thumb (bluethumb.org) or Pollinators of Native Plants (PollinatorsNativePlants.com).
- All projects must be completed in accordance with City Code section 9.71 on native landscaping.
- Applicant must secure all permits necessary for the project.
