## Rebate Information

- Rebates for permeable pavers, asphalt or concrete on residential property, including driveways, patios, parking areas or sidewalks, are available to City of Eden Prairie water customers with non-delinquent accounts.
- The maximum rebate for any single project is 50% of the direct project costs up to a maximum of \$1,500 and is subject to the participants commitment to complete and maintain their project. Funding is limited.
- Information regarding applications for grants or rebates from other organizations must be provided with the Application, the City rebate cannot cover costs paid from another source of funding. A minimum of 10% of the project cost must be paid by the Applicant. Detailed cost estimates for all work proposed must be provided. In-kind labor may be considered as part of the contribution if itemized for a grant.
- Project plans **must be pre-approved** by the City Engineer prior to construction.
- The project must start and be completed in the current calendar year.
- The project must be maintained for a minimum of five (5) years.
- City staff must inspect the project area before and after installation
- All projects must be completed in accordance with City Code section 11.03 Subd. 3 Section H.5 regarding the development and maintenance of off-street parking areas.
- Applicant must secure all permits necessary for the project.
- Payment will be issued when the project is completed and valid receipts are presented to the City. Rebate is based on pre-tax cost.
