CHAPTER 8

PARKING REGULATIONS

(SEE CHAPTER 6 FOR DEFINITIONS, SCOPE
AND APPLICATION RELATING TO THIS CHAPTER)

SECTION 8.01. LIABILITY OF OWNER.

When proof that the particular vehicle described in this Chapter together with proof that the defendant named in the complaint or citation was at the time of such parking the registered owner of such vehicle, such proof shall, in any prosecution charging a violation of this Chapter, constitute prima facie evidence that the registered owner of such vehicle was the person who parked or placed such vehicle at the point where such violation occurred.

SECTION 8.02. GENERAL PARKING PROHIBITIONS.

It is unlawful for any person to stop, stand or park a vehicle except when necessary to avoid conflict with other traffic or in compliance with the specific directions of a police officer or traffic control device in any of the following places: (1) in a sign-posted fire lane; (2) in any alley except for loading or unloading and then only so long as reasonably necessary for such loading and unloading to or from adjacent premises; (3) on any boulevard which has been curbed; or (4) within three feet of the edge of a driveway except on cul-de-sacs where parking to the edge of driveway shall be allowed.

SECTION 8.03. UNAUTHORIZED REMOVAL.

It is unlawful for any person to move a vehicle not owned by such person into any prohibited area or away from a curb such distance as is unlawful.

SECTION 8.04. CAMPING AND SLEEPING. It is unlawful for any person, for camping, living, or sleeping purposes, to stop, stand or park any vehicle on or within the limits of any street, as street is defined in City Code Section 11.02, except where signs are erected designating the place as a campsite.

SECTION 8.05. PARALLEL PARKING.

Except where angle parking is specifically allowed and indicated by curb marking or sign-posting or both, each vehicle stopped or parked upon a two-way road where there is an adjacent curb shall be stopped or parked with the right-hand wheels of the vehicle parallel with and within twelve (12) inches of the right-hand curb; and where painted markings appear on the curb or the street, such vehicle shall be within such front and rear markings provided that upon a one-way roadway all vehicles shall be so parked except that the left-hand wheels of the vehicle may be parallel with and within twelve (12) inches from the left-hand curb, but the front of the vehicle in any event and with respect to the remainder of the vehicle shall be in the direction of the flow of traffic upon such one-way street. It is unlawful to park in violation of this Section.

SECTION 8.06. ANGLE PARKING.

Where angle parking has been established on a public street or in a public on private parking lot and is allowed as shown by curb marking or sign-posting or both, each vehicle stopped or parked shall be at an angle of approximately forty-five (45) to sixty (60) degrees with the front wheel touching the curb and within any parking lines painted on the curb or street provided that the front wheel not touching the curb shall be the portion of the vehicle furthest in the direction of one-way traffic. It is unlawful to park in violation of this Section.

SECTION 8.07. PARKING HOURS AND SIGNAGE.

Parking on streets shall be limited as follows:

Subd. 1. It is unlawful for any person to stop, park or leave standing any vehicle upon any street for a continuous period in excess of twenty-four (24) hours.

Subd. 2. The City Manager may designate certain streets, blocks or portions of streets or blocks as prohibited parking zones or five-minute, ten-minute, fifteen-minute, thirty-minute, one-hour, two-hour, four-hour, six-hour, eight-hour, morning or afternoon rush hour limited parking zones and shall mark by appropriate signs any zones so established. Such zones shall be established whenever necessary for the convenience of the public or to minimize traffic hazards and preserve a free flow of traffic. It is unlawful for any person to stop, park or leave standing any vehicle in a prohibited parking zone for a period of time in excess of the sign-posted limitation or during sign-posted hours of prohibited parking. The City Manager may post signs which shall designate one-way traffic for entrance or exit at any entrance to a private parking lot from a public street; and the driver of any vehicle entering or leaving any such lot shall comply with any such sign.

Subd. 3. Whenever the owner or person who is in lawful possession of property is required by City Code provisions, by the conditions precedent or applicable to the issuance of a use or occupancy permit, or by order of the Fire Chief, Chief of Police, or the Fire Prevention Bureau to maintain driveways, access lanes, or other areas unobstructed by parked or stopped vehicles for the purpose of insuring ingress or egress for police, fire and emergency vehicles, the owner or person in lawful possession of such property shall place or cause to be placed a sign or signs and yellow paint curbing as follows:

- A. A sign or signs shall be placed at appropriate locations within thirty (30) days after notification under the supervision of the Fire Chief, Chief of Police, or the Fire Prevention Bureau.
- B. Any such sign shall be placed in such a position that it is visible to anyone attempting to use the way, lane or area for parking and shall state: "No Parking Fire Lane – By Order of Fire Chief."

Such sign shall not be smaller than twelve (12) inches high and shall be white with red lettering that is at least two (2) inches high or as approved by the Fire Marshal.
- D. At the entrance to a business or an establishment where any such sign has been placed as set forth in this Section, exception may be made for persons who discharge passengers from their vehicles at such an entrance.
- E. All curbing which borders on or is adjacent to any such way, lane or area shall be painted yellow and maintained as directed by the Fire Chief, Chief of Police, or the Fire Prevention Bureau.

Subd. 4. It is unlawful to park a truck or other vehicle using or equipped with a trailer or extended body or other extension or projection beyond the original length of such vehicle or any passenger bus diagonally along any street except for a time sufficient to load or unload; and in such case only parallel parking shall be permitted provided, however, that a truck may stand backed up to the curb if the weight or bulk of the load makes parallel parking impracticable but then only for a period of time sufficient to load or unload.

Subd. 5. Parking of commercial vehicles is permitted in duly designated and sign-posted loading zones and in alleys for a period of up to twenty (20) minutes provided that such alley parking does not prevent the flow of traffic therein, all of which shall be for the purpose of access to abutting or adjacent property while actively loading or unloading.
