 Work with Hennepin County to change Baker Rd from 4 lanes to 3 - South of County 62. Safer for both pedestrians and motorists in a residential area with school and trails.

 Good to see some road construction going on. Again , (old) Cumberland road is the most terrible stretch in EP. Curbs are crumbling along with the road itself.
-  **Anonymous user's Opinion** Responded **B** Fair
 Just like the county or state it seems like construction takes way too long. The Preserve Blvd project has been a disaster for traffic and a friend of mine popped a tire as the sections which remain open are filled with holes and debris. Depending on the week I would say that road is not fit for traffic to use. Eden Prairie has good streets in the end but it would be nice if we could also have construction done more efficiently.
-  **Anonymous user's Opinion** Responded **C** Good
 Projects are not completed in a timely manner. The road south of the Mall, the change at Pioneer trail and Hennepin Town road are two current examples.
-  **Anonymous user's Opinion** Responded **D** Excellent
 Streets are always swept and cleaned yearly. Streets are paved and overlaid regularly. Curbs and sidewalks are repaired and/or replaced when deemed needed.
-  **Anonymous user's Opinion** Responded **C** Good
 There wasn't notice when repair was being done this year. Because of parked construction vehicles, parts of our street were blocked and therefore not repaired
-  **Anonymous user's Opinion** Responded **C** Good
 Eden Prairie does a very good job in winter clearing the streets but some streets need maintenance more frequently than they are receiving
-  **Anonymous user's Opinion** Responded **B** Fair
 To be honest, the thru-streets are clean and I'm inclined to say good, but a lot of the smaller streets don't get as much attention.
-  **Anonymous user's Opinion** Responded **D** Excellent
 Excellent job with snow removal and street repairs!
