Parks and City Water

**Anonymous user's Opinion**

I think the irrigation around the mall is overdone. There are puddles of water in the grass.

I really value the work that goes into maintaining the parks! They always look so good, and they are a great place to visit. I would also like to acknowledge that I love the communication from city government on social media.

Snow plowing. I am amazed at the promptness and number of return trips the plows make to my street. It exceeds my expectations.

Animal Control had my pup (and his chip was registered with the "wrong" company.....) and were SO nice and understanding. They are FANTASTIC and deserve some recognition.

Eden Prairie Community Ctr and its offerings are outstanding! Also: EP Police EP Liquor and the services for EP seniors (although the physical space could be improved.)

Access to trails. They are everywhere!! I didn't realize how exceptional our trail system was until home shopping with my daughter in other communities.
