COMMENTS **NO OPEN WATER ON AIRPORT AREA OF OPERATION AND NO BREEDING GEESE FOUND THERE. HEAVY DAILY USE IN FALL. ON AIRPORT GOOSE MANAGEMENT DONE BY WILDLIFE SERVICES FOR THE METROPOLITAN AIRPORTS COMMISSION. MANAGEMENT EFFECTIVENESS IS LIKELY LOW BECAUSE THE GOOSE POPULATION IS NOT LIMITED BY SHOOTING. GOOSE NUMBERS ESTIMATED FROM 0-500 WITH HIGHEST NUMBERS IN FALL. REDUCING THE CITY GOOSE POPULATION WILL HELP REDUCE GOOSE USE OF THE AIRPORT.**
